Door Locks - Mini Blinds - Shower Rods

YOU ARE ABSOLUTELY NOT ALLOWED TO INSTALL ANY LOCKS ON ANY DOORS IN THE HOUSE!

If your room has a lock, the key will be left in it. Please note you are responsible for this key and must leave it upon move out! If you lose your key there is a charge to replace it.

If you would like a lock to be installed in your room, please email info@nicastroproperties.com your address and room letter (located on trim atop your room door) and we will install the lock for you free of charge!

If we find a lock on your door that we did not install we will remove it at your expense!

Items like mini blinds, curtains and shower rods are personal items and year after year, some residents bring their own and some do not. For this reason, we do not provide mini blinds, curtains or shower rods. In some cases, the prior residents may leave their blinds, shower rods, etc and if they are in working condition, we will leave them for you. If you do not want them, simply discard them!
